HYMER EXSIS

Highly practical, compact and manoeuvrable: the versatile EXSIS.

With plenty of space and optimal insulation. Ideal for summer or winter, this year-round motorhome is one of HYMER's "virtuosos".

The sky is the limit.

A vehicle catering for all the needs of active holidaymakers and those enjoying weekend breaks. For daily use and for making many sporting dreams come true.

A vehicle with a suite and plenty of storage room for lots of leisure time activities. No matter whether it's a day trip or whether you make an impromptu decision to stay a day longer.

Take yourself off to the mountains. Just to enjoy a hot grog, or the next morning to set the first ski tracks in the blanket of virgin snow – the EXSIS does it for you.

HYMER EXSIS

You can't alter a holiday booking if a cold front sets in. With the EXSIS you are where the sun is at. Enjoy beach life without carrying deck-chairs and cool bags. A changing cubicle, snacks and refreshments from the refrigerator are always at hand.

Let others plan ahead – enjoy unfettered freedom to do as you please.

The EXSIS – for people who need a compact, comfortable and roomy vehicle for everyday use as well as the freedom to take off on holiday.

Ideal for shoppers who want to keep their frozen food cold – or for parents and grandparents who want to take the pushchair and baby-changing table with them. Ideal also for trips to the DIY store, with space for all those bulky items.

HYMER EXSIS

All on board! A light and airy interior with living and sleeping accommodation for two to four occupants. With kitchen, bathroom and toilet.

Modern, functional design to cater for all.

HYMER EXSIS

The compact exterior hides a multi-functional interior.
On the "ground floor" all the comforts of a roomy seating group, kitchen and washroom with shower and WC.
And the spacious double bed on the "top floor".

Not to mention the things you don't see: like full insulation for winter use.
HYMER body shells are based on the patented HYMER-PUAL technology.

EXSIS In four attractive colours

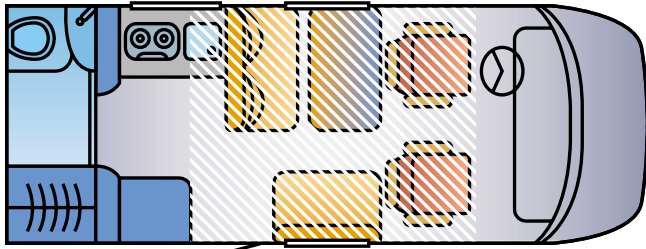

The feature that sets the EXSIS apart is the compact dimensions, making it ideal for everyday use. And the feeling of copious space means it's ideal for holiday travels.

Fabric shown is for illustration purposes only
– UK models will be offered with the
flame-retardant upholstery fabrics Vesuv,
Bristol, Stockholm, Marbella and Pacific.

The fabric combinations are an essential
feature of the interior design. That's why our
wide selection of upholstery materials makes
your vehicle so unique.

The attractively patterned, high-quality
upholstery materials are treated with Teflon
for essential anti-soil protection.
